silicone spray

Radiator Specialty Co., 866-973-6247, www.liquidwrench.com

MEMBER RATING: **9.0** BEST FEATURE: **PERFORMANCE**

Liquid Wrench Silicone Spray (\$3.99 for an 11-ounce bottle) provides a slick coat of protection that repels water, prevents rust, and helps extend the life of both metal and nonmetal surfaces. The nonstick coating has low odor and is safe to use on painted surfaces. Has a wide range of lawn, garden, and indoor uses.

BARBARA BARTLETT, BLACK MOUNTAIN, NC "Worked great on a variety of tools, keeping my equipment dirt-free and lubricated. It also helped me slide clips into the ground to hold my landscape fabric in place."

JUDY WINKLER, PORT ST LUCIE, FL "Liquid Wrench Silicone Spray easily loosened stuck screws, made the sliding door glide, and greased the door lock. It lubricates without being messy and has a no-clog sprayer."
